Source: Monitoring agency report dated February 06, 2025 for quarter ended December 31, 2024.

There is change in amount towards these objects as follows, which was approved by shareholders as per Postal Ballot Outcome published by the company on BSE on May 6, 2024 -

- (i) The purpose of investment in its subsidiary Raneal Advanced Systems Private Limited (RASPL) has been revised to loan repayment as against capital expenditure mentioned in offer document
- (ii) Decreasing the amount allocated towards investment in Wholly Owned Subsidiary, Raneal Advanced Systems Private Limited to Rs. 198.00 million from Rs. 448.80 million and

(iii) Increasing the amount allocated towards general corporate purposes by ₹250.70 million, resulting in the total amount allocated towards general corporate purpose being ₹832.20 million.

The Company is still in the process of scouting and identifying products for acquisition.

^{*} The Company has deployed the unutilized funds as follows,:

Sr. No.	Type of instrument and name of the entity invested in	Amount invested (Rs. in million)	Return on Investment (%)
1	Fixed Deposit – HDFC bank	248.30	7.40%
2	Fixed Deposit- Axis Bank	445.00	7.45%
3	HDFC Current Account*	7.30	
Total		700.60	

^{*} Unutilized IPO amount parked in FD was liquidated and proceeds were deposited in the current account which has numerous other transactions resulting in co-mingling of funds. In total, FD of Rs. 83.50 million was liquidated in current account from which Rs. 76.2 million of amount was paid. As per management, Rs. 7.30 million continued to remain in current account as on December 31, 2024.

(iv) Reasons for deviation, if any:

The Company had originally proposed to utilise the IPO Proceeds to invest in its wholly owned subsidiary Raneal Advanced Systems Private Limited ("RASPL") in order to set up the EMS Facility. However, during the course of the IPO process, the Company utilised its own funds to invest in RASPL and RASPL obtained a long term loan from HDFC Bank Limited for setting up a separate facility for EMS ("New EMS Facility").

The commencement of operations at the New EMS Facility was intimated to BSE and NSE each on September 25, 2023, respectively.

The Company is of the opinion that the capacity already available in the New EMS Facility is sufficient to cater the projected demands of the Company and RASPL's customers for a considerable period of time.

Due to the aforementioned reasons, and to ensure optimum utilisation of the balance IPO Proceeds currently available to the Company, the Company proposes to alter the object of the Issue set out above to: (i) Using an amount of ₹198.00 million towards funding the repayment of the outstanding term loan availed by RASPL from HDFC Bank Limited; and (ii) Increasing the amount allocated towards general corporate purposes by ₹250.83 million, resulting in the total amount allocated towards general corporate purpose being ₹832.29 million. The total amount thus allocated towards general corporate purpose does not exceed 25% of the gross proceeds from the Issue.

Repayment of outstanding term loan availed by wholly owned subsidiary (RASPL) of the Company.

As explained above, during the course of the IPO process, the Company utilised its own funds to invest in RASPL and RASPL obtained a long term loan from HDFC Bank Limited for setting up the New EMS Facility, which, in the opinion of the Company has sufficient capacity to cater to the projected demands of the Company and RASPL's customers for a considerable period of time. Therefore, in order to reduce the finance cost of the term loan availed by RASPL to fund the New EMS Facility, the Company is now proposing to invest in RASPL to fund the repayment of the said term loan availed by RASPL.

The Company believe that such repayment and/or pre-payment will help reduce the outstanding indebtedness, reduce debt servicing costs, improve its debt-to-equity ratio and enable the utilisation of its accruals for further investment in the future business growth and expansion plans.

The Company thus proposes to utilise an amount of ₹198.00 million towards investing in RASPL which will be used for funding the repayment of the outstanding term loan availed by RASPL.

The form of infusion of such amount by the Company, allocated for this object will be by way of equity investments, in accordance with the applicable laws.

Utilization towards general corporate purpose

The Company also proposes to utilise the remaining amount of ₹250.83 million towards general corporate purposes, as set out in the Issue Documents. These include, without limitation, meeting ongoing general corporate purposes or contingencies, strengthening marketing capabilities and brand building exercises, enhancing the technology related infrastructure, meeting working capital requirement of the Company, strategic initiatives and acquisition and/or funding any shortfall in any of the revised objects of the Issue.
